

We, the undersigned, believe that the death penalty is bad public policy for Texas. We believe there are other more effective ways of responding to violent crime described in Texas as Capital Murder. The death penalty is unnecessary for societal protection, is more costly than life in prison, diverts scarce financial resources from effective crime prevention measures, creates more victims and continues a cycle of violence and vengeance in the state.

My signature below signifies my support of legislation that will abolish the death penalty in Texas. I support the efforts of Texas Coalition to Abolish the Death Penalty to accomplish this goal.
